Greeley, CO 80634

AFFIDAVIT OF CLAIM

COMES NOW **ROK Energy, LLC**, a Colorado limited liability company ("Assignee"), and the purchaser of certain assets from **Citizen Energy III, LLC**, a Delaware limited liability company, **Citizen Mineral, LLC**, a Delaware limited liability company, and **Roan Resources LLC**, a Delaware limited liability company (collectively "Assignor"), pursuant to a Purchase and Sale Agreement, dated April 10, 2024, effective March 1, 2024 ("PSA"), and state:

1. The PSA provides for the assignment by the Assignor of the PSA's Assets (Article 11.3(a)(b)) in recordable form.

2. Pursuant to the assignment provisions of the PSA, the Assignor executed the Assignments and Bills of Sale to Assignee (collectively, the "Assignments").

3. This Affidavit of Claim references the Assignments and their recording information included in Exhibit "A" hereto.

4. The Assignments have the following granting clause language:

(a) the well bores of each of the wells set forth in *Exhibit A - Part 1* (collectively, the "***Wells***");

(b) oil and gas leases, subleases and other leasehold estates, covering all depths and formations owned by Seller, created by oil and gas leases located within the lands described on *Exhibit A -Part 2* (the "*Subject Sections*"), including those described in *Exhibit A - Part 3*, together with any and all other right, title, and interest of Assignor in and to those leasehold estates created thereby, carried interests, farmout rights, options, fee mineral interests, royalty interests, overriding royalty interests, rights under pooling orders and other properties and interests in the Subject Sections, in each case including the rights thereunder reasonably necessary to produce, receive, sell or dispose of Hydrocarbons attributable to Wells located

State of OK

within the Subject Sections or to operate, maintain or plug and abandon such Wells (collectively, the "***Subject Section Leases***");

(c) oil and gas leases, subleases and other leasehold estates created by oil and gas leases located within the lands described on *Exhibit A - Part 4* (the "***Wellbore Only Sections***"), including those described in *Exhibit A - Part 5*, together with any and all other right, title, and interest of Assignor in and to those leasehold estates created thereby, carried interests, farmout rights, options, fee mineral interests, royalty interests, rights under pooling orders and other properties and interests in the Wellbore Only Sections, in each case TO THE EXTENT, AND ONLY TO THE EXTENT as the rights thereunder are reasonably necessary to produce, receive, sell or dispose of Hydrocarbons attributable to Wells located within the Wellbore Only Sections or to operate, maintain or plug and abandon such Wells (collectively, the "***Wellbore Only Leases***");

5. There is potential ambiguity with respect to *Exhibit A-2 – Subject Sections* due to each legal description in the exhibit referencing a "Reservoir" of either Mississippian or Woodford, or in some instances both Mississippian and Woodford. This reservoir language is for identification purpose only to address the primary target common source(s) of supply, but it is not a limitation on the assignment as to the Assets referenced in *Exhibit A-2 – Subject Sections*. The parties to the PSA intended to assign all of Seller's (here "Assignor's") right, title and interest "conveying all depths and formations owned by Seller (here "Assignor"), to the Buyer (here "Assignee") as to the Assets referenced in *Exhibit A-2 – Subject Sections*.

6. ROK Energy, LLC has since been advised that various third-party operators have questioned whether the "Reservoir" designation limits in some way the quantum of interest assigned.

7. ROK Energy, LLC hereby gives notice that ROK Energy, LLC claims and has always claimed through the provisions of the PSA "**all right, title and interest**" to the Assets

listed on the *Exhibits A-2 – Subject Sections* attached to the Assignments, **as to all depths**, and it was never the intent of the parties to limit the *Exhibits A-2 – Subject Sections* Assets to the Mississippian and/or Woodford common sources of supply or formations.

8. Validus Energy II Midcon LLC, a Delaware limited liability company, is the successor in interest to Citizen Energy III, LLC and is executing this instrument in that capacity.

9. Validus Minerals LLC, a Delaware limited liability company, is the successor in interest to Citizen Mineral, LLC and is executing this instrument in that capacity.

10. This Affidavit of Claim is being filed for the express purpose of addressing any title ownership questions that should arise in the event a landman, leasebroker, title examiner, title examining attorney, or other party question whether ROK Energy, LLC claims all right, title and interest as to all depths and formations listed in the Assignments' *Exhibits A-2 – Subject Sections*.
